Quality and experience

For many years now we have been providing top quality products produced with the utmost care with your safety at the for front of our quality control. Our excellent International and domestic reputation within the Inflatable products industry has proven that we take that extra care to ensure our products are the very highest quality.

We have the very latest multi facetted and novel designs which are excellent for all your advertising needs. Our most popular designs continue to maintain our unsurpassed quality control, and competitive prices.

With our excellent product quality, sincere and friendly customer service, and vast experience within the export industry, our reputation for fast efficient delivery and our excellent reputation stands alone as the best in inflatable's.

Our mission is to maintain the highest standards and business principals and to be at the fore front of Technology so we can continue to provide a superior competitive product and pricing, and most importantly a quality service to all our customers.

We never stop trying!

Working with us

Minimum order	One piece or one set for most custom items — samples and small runs are welcome.

Customization	Size, colour, shape, printing and logo. Vector artwork (EPS, PDF, CDR, AI) preferred.
Materials	PVC and TPU for airtight products; nylon oxford fabric and PVC tarpaulin for cold-air inflatables.
Production	Sewing for cold-air inflatables; high-frequency heat sealing, hot-air welding or adhesive for airtight products.
Lead time	Typically 7–35 working days depending on size, quantity and finish.
Payment	T/T, domestic payment, or through Alibaba.
Shipping	DHL / UPS / FedEx door to door for small orders; air or sea freight, DDP available, for larger orders.
